

### **Help St. Luke's Find its Next Rector!**

The Vestry is putting out a call for people who would like to serve on a new St. Luke's Discernment Committee. The committee will consist of about 6 to 8 people representing as diverse a group of parish members as possible. The committee's role will be to review candidate resumes, conduct preliminary interviews, and make recommendations to the Vestry for further consideration. The Vestry is hoping to appoint a mix of parishioners—people who have served on previous discernment committees and those who have not; long-established members and those who are newer to St. Luke's. Also participating will be a Vestry representative and a chaplain. It's sure to be a challenging and rewarding assignment!
